INDIANS OBJECT TO NEW MARRIAGE LAW

Which Compels Them to Get Licenses Before They Can Wed.

IT MUST BE STRICTLY OBEYED

The various Indian tribes in New Mexico are doing a great deal of kicking these days, and all because the recent session of the territorial legislature passed a law, which provides that every person who desires to marry, must first procure a marriage license.

Never before has this part of the Indian's tribal custom been interfered with on the part of the white brother, and now that the red man is compelled to take out a marriage license before he can wed his squaw, thus doing away with the Indian ceremony, is more than the old bucks can stomach.

Judge A. J. Abbott, of Santa Fe, United States attorney for the Pueblo Indians, has just finished sending a circular letter to the chiefs of the different tribes. The letter explains how the legislature has passed a certain law, whereby a license must first be secured before any one can marry, and that the penalty is prescribed for its violation. It instructs the respective chiefs to see that the law is strictly enforced among the Indians within their jurisdiction.

Although the Indians are much opposed to the law, and think that it is trespassing on their God-given rights, it is not thought that any trouble will be found in enforcing it, but that in a short time they will become reconciled to the new order of things.

SAFE CRASHES DOWN FLIGHT OF STAIRS

BAD ACCIDENT OCCURS THIS MORNING AT N. T. ARMJO BUILDING—NO ONE WAS INJURED, HOWEVER.

Quite a bad accident occurred this morning at the N. T. Armijo building, when an immense steel safe, which was being hoisted to the second floor of the building, broke loose and crashed down the first flight of stairs of the main entrance to the building, and rolled on the sidewalk. The crash was heard for many blocks, and many rushed to the scene, thinking that some awful catastrophe had occurred. In a few minutes the street was blocked in front of the building. As soon as it was learned that no one had been injured, the crowd dispersed as rapidly as it had gathered.

The safe, which was an immense one, weighing 5,200 pounds, was recently purchased by Delegate W. H. Andrews, to be placed in his office, and was being taken upstairs for this purpose. The safe was only slightly disfigured by the fall, while the stairway and sidewalk were damaged to a considerable extent.

The cause of the accident was the breaking of an inch and one-half rope which was being used with a block and tackle to draw the safe up the stairway on inclined boards.

TO ATTEND NATIONAL RECIPROCITY CONVENTION

Hon. Solomon Luna, of Los Lunas, Hon. H. O. Bursum, of Santa Fe, Harry Kelly, of Las Vegas, and Charles Schleiter, of Clayton, will attend the national reciprocity convention, to be held in Chicago, next week. Mr. Luna will leave for Chicago tonight, and will be joined by the other gentlemen on the way.

This convention has to deal with the tariff and reciprocity treaties with foreign countries, and is the purpose of the convention to effect some sort of treaties with foreign countries whereby American canned meats will be allowed to compete with domestic products.

The above gentlemen will attend the meeting as representatives of the stockmen of New Mexico, and it is believed they will succeed in accomplishing much that will be of benefit to the stock industry of the territory.

A home institution, that has not asked from you any gifts, or for any concessions, or bonus from the city.

Now offers for sale some of its products, they may be had at the Globe store, where the coming week a display will be made in their window, and they call your attention especially to their ready made skirts, and to the fact that you can have any of the displayed articles made to your order by them at the mill, by giving your order at the store. The advantages they have over the eastern manufacturers makes it possible for them to give you values that they do not pretend to give.
